Mission: To create opportunities for professional growth and development for pre-college students, young professionals, and professionals young at heart, by providing new skills and resources through, coaching, mentoring, and collaborative learning and teaching.

About APlus+ Deans List Inc. Professional Development Services:

The APlus+ Deans List was established in 2019. It began as a vision from founder Angelic Dean who had been providing training and professional development supports through various avenues. The goal was to establish an organization that could assist individuals as they maneuver through skills needed to obtain employment as well as setting short and long term personal and professional goals. It is also the goal to support organizations through growth and development of their management teams and organizations as a whole in regards to climate, self-care, and leading, through inspiring and motivating others. The high school track was designed in mind for the first generation college family who may need additional supports navigating college and career opportunities, but is open to any pre-college student. APlus+ Deans List Inc., also provides group trainings for high school students.

Professionally, Angelic has held positions with Big Brothers Big Sisters of Central Ohio, Community Properties of Ohio- Resident Services, and currently is employed by The Ohio State University. Her focus with OSU is the implementation and facilitation of the school-family-community partnerships through the Community Collaboration Model for School Improvement within a Linden elementary school and the greater Linden Community. Within her role she is an advocate for families and students within the community and works with the school to ensure resources and supports are present and effective, and facilitates partnerships and partnership movement within the building, with all aspects leading back to academic learning and achievement. Since beginning in 2017 Angelic has assisted with increased parent/caregiver engagement, gap analysis and establishments of top ways to remove barriers, and working collaboratively within the establishment and movement of community partners.

Angelic prides herself on serving and being community focused. She is volunteer staff with the Linden McKinley Marching Band and has supported the band program since 2011 through coaching, mentoring, alumni events and planning, and positive media representation. She is a board member with the Joseph L. Earley Foundation- an organization supporting single parent household with opportunities for college scholarships, President of the Ohio University Ebony Bobcat Network, Columbus Affiliate, a mentor with Big Brothers Big Sisters of Central Ohio, and the Board Facilitator with the For The Love of Dance School. She was named by Godman Guild as an Emerging Leader Nominee in 2016 and is an alumni of the United Way of Central Ohio- Project Diversity Program which is a leadership program created for emerging leaders of color for board preparation and service.

Angelic received her undergraduate degree from Ohio University in 2009 and M.S from Indiana State University with a specialization in Student Affairs and Higher Education in 2012.

Angelic is a wife to husband Leachuin and mother to God(son) Isiah-13 and daughter McKenzie-4.
